MANAGEMENT REPORT

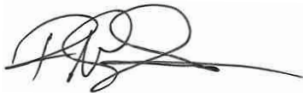

December 31, 2021

The Mayor and Council of the Town of Port McNeill has delegated the responsibility for the integrity and objectivity of the financial information contained in the financial statements to the management of the Town of Port McNeill. The financial statements which, in part, are based on informed judgments and estimates, have been prepared by management in accordance with Canadian public sector accounting standards, which have been applied on a basis consistent with that of the preceding year.

To assist in carrying out their responsibility, management maintains an accounting system and internal controls to provide reasonable assurance that transactions are properly authorized and recorded in compliance with legislative and regulatory requirements and that financial records are reliable for preparation of the financial statements. These systems are monitored and evaluated by management.

The Town of Port McNeill's independent auditors, Chan Nowosad Boates Inc., Chartered Professional Accountants, are engaged to express an opinion as to whether these financial statements present fairly the Town of Port McNeill's financial position and operating results in accordance with Canadian public sector accounting standards. Their opinion is based on procedures they consider sufficient to support such an opinion.

The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and in accordance with Canadian public sector accounting standards. These statements present, in all significant respects the financial position of Town of Port McNeill as at December 31, 2021.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council of the Town of Port McNeill

Opinion

We have audited the accompanying financial statements of the Town of Port McNeill (the "Town"), which comprise the statement of financial position as at December 31, 2021, and the statements of operations, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion, the Town's financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2021, and of its financial performance and its cash flows for the year then ended. The financial statements have been prepared by management in accordance with Canadian public sector accounting standards.

Basis of Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management intends for the Town to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for over-seeing the Town's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

TOWN OF PORT MCNEILL

Notes to Financial Statements

December 31, 2021

The Town of Port McNeill (the "Town") was incorporated as a municipality on February 18, 1966 under the provisions of the British Columbia Municipal Act. Its principal activities are the provision of local government services to the residents of the Town. These services include fire protection, public works, planning, parks and recreation, water distribution and sewer collection, and other general government services, as governed by the Community Charter and Local Government Act.

1. Significant Accounting Policies:

a) Basis of Presentation:

The Town prepares its financial statements in accordance with Canadian public sector accounting standards using guidelines developed by the Public Sector Accounting Board ("PSAS") for the Chartered Professional Accountants of Canada.

b) Cash:

Cash consists of cash on hand and demand deposits.

c) Portfolio Investments:

Portfolio Investments are recorded at cost. Portfolio investments in Municipal Finance Authority of British Columbia (MFA) Bond and Money Market Funds are recorded at cost plus earnings that are reinvested in the funds.

d) Investment in Government Business Enterprises:

Investment in Government Business Enterprises are accounted for using the modified equity method.

f) Tangible Capital Assets:

Tangible capital assets are recorded at cost less accumulated amortization and are classified according to their functional use. Cost includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Amortization is recorded on a straight-line basis over the estimated useful life of the tangible capital asset commencing once the asset is in use. Donated tangible capital assets are recorded at fair value at the time of the donation.

Estimated useful lives of tangible capital assets are as follows:

Buildings	20 to 40 years
Automotive	10 to 30 years
Equipment	5 to 15 years
Water and Sewer Infrastructure	30 to 80 years
Paving and Lighting	40 to 50 years
Storm Drains	60 to 80 years
Harbour	10 to 40 years

d) Collection of Taxes on Behalf of Other Taxation Authorities:

The Town collects taxation on behalf of other entities. Such levies, other revenues, expenses, assets and liabilities with respect to the operations of these other entities are not reflected in these financial statements. Levies imposed by other taxing authorities are not included as taxes for municipal purposes.

TOWN OF PORT MCNEILL

Notes to Financial Statements

December 31, 2021

1. Significant Accounting Policies (Continued):

e) Deferred Revenue:

Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the statement of financial position. The revenue is recognized in the statement of operations in the year in which it is used for the specific purpose.

f) Revenue Recognition:

Revenues are recorded on the accrual basis of accounting and are recorded in the period in which the transaction or events occurred.

Taxes are recorded at estimated amounts when they meet the definition of an asset, have been authorized and the taxable event occurs. Tax revenue is initially measured at management's best estimate of the amount resulting from the original taxable event in accordance with tax legislation. Through the British Columbia Assessment's appeal process, taxes may be adjusted by way of supplementary roll adjustments. The affects of these adjustments on taxes are recognized at the time they are awarded. Charges for utility usage are recorded as user fees. Connection fee revenues are recognized when the connection has been established.

Government transfers, which include legislative grants, are recognized when received if the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability.

Sale of goods and services and other revenues are recognized when the service is provided or the amount is earned, when the amount can be estimated and when collection is reasonably assured. Amounts received in advance of services being rendered are recorded as deferred revenue until the Town discharges the obligation that led to the collection of the funds.

g) Administration Apportionment:

A percentage of certain budgeted general government services expenses of the Town has been allocated to other functions. These expenses include wages of administrative staff and the public works supervisor and utility discounts. Wages are allocated based on actual time spent in various segments, and utilities discounts are allocated based on the percentage of utilities revenue that relates to each segment.

h) Financial Instruments:

Financial instruments consist of cash, portfolio investments, accounts receivable and accounts payable. Unless otherwise noted, it is management's opinion that the Town is not exposed to significant interest rate, currency or credit risk arising from these financial instruments.

i) Use of Estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period.

Significant areas requiring the use of management estimates are the collectability of accounts receivable, valuation of investments, estimates of contingent liabilities, the provision of amortization and the estimation of potential environmental liabilities. Actual results could differ from management's best estimates as additional information becomes available in the future.

TOWN OF PORT MCNEILL

Notes to Financial Statements

December 31, 2021

1. Significant Accounting Policies (Continued):

j) Contaminated Sites:

Governments are required to accrue a liability for the costs to remediate a contaminated site. Liabilities are recognized when an environmental standard exists, contamination exceeds the standards, the government has a responsibility for the remediation, future economic benefits will be given up, and a reasonable estimate can be made.

Management has assessed its potential liabilities under the new standard including sites that are no longer in productive use and sites which the Town accepts responsibility. There were no such sites that had contamination in excess of an environmental standard which required remediation, therefore no liability was recognized as at December 31, 2021 or December 31, 2020.

2. Portfolio Investments:

Portfolio investments includes \$978,244 (2020 - \$982,161) held with the Municipal Finance Authority (MFA) in money market and short term bond funds.

3. Accounts Receivable:

	<u>2021</u>	<u>2020</u>
Property Taxes and Utilities	\$ 86,546	\$ 117,493

Allowance for Doubtful Accounts	<u>(22,339)</u>	<u>(22,339)</u>
	<u>\$ 456,665</u>	<u>\$ 216,638</u>

4. Investment in Government Business Enterprises:

The Town has a 33% ownership interest in North Island Community Forestry Ltd. (NICFL) and North Island Community Forest Limited Partnership (NICFLP). The investments in NICFL and NICFLP are reported as a government business enterprise and accounted for using the modified equity method. Under this method, the government businesses' accounting principles are not adjusted to conform with those of the Town and inter-corporate transactions are not eliminated.

As a government business enterprise, the NICFLP is required to report under International Financial Reporting Standards (IFRS). In the prior and current years, the NICFLP financial statements were prepared under Canadian Accounting Standards for Private Enterprises (ASPE). Any differences between ASPE and IFRS are considered to be insignificant.

7. Long Term Debt:

The Town has debt instruments through the MFA obtained for the purposes of funding water infrastructure. The gross amount borrowed for Water in 2008 on Water Debenture #116 was \$1,400,000 and for Water Debenture #103 in 2011 was \$500,000. Both loans are amortized over a twenty year period. The current balance of long-term debt is as follows:

	<u>2021</u>	<u>2020</u>
Total Outstanding Debt - Beginning of Year	\$ 1,150,159	\$ 1,240,350
Reduction of Long-Term Debt	<u>(93,799)</u>	<u>(90,191)</u>
Total Outstanding Debt - End of Year	\$ <u>1,056,360</u>	\$ <u>1,150,159</u>

The interest rate for the year on Water Debenture #116 was 4.48% (2020 - 4.44%) and on Water Debenture #103 was 1.35% (2020 - 1.61%). The interest expense on the debt in the year ended December 31, 2021 is \$52,940 (2020 - \$72,050).

Future payments on net outstanding debt over the next five years and thereafter:

	<u>Water Debenture #116</u>	<u>Water Debenture #103</u>	<u>Total</u>
2022	\$ 69,593	\$ 27,958	\$ 97,551
2023	72,377	29,076	101,453
2024	75,272	30,239	105,511
2025	78,283	31,449	109,732
2026 and beyond	<u>540,015</u>	<u>102,098</u>	<u>642,113</u>
	\$ <u>835,540</u>	\$ <u>220,820</u>	\$ <u>1,056,360</u>

The MFA provides capital financing for regional districts and their member municipalities. The MFA is required to establish a debt reserve fund. Each regional district, through its member municipalities who are in the proceeds of the debt issue, is required to pay into the debt reserve fund certain amounts set out in the debt agreements. The MFA pays into the debt reserve fund these monies from which interest earned thereon less administrative expenses becomes an obligation to the regional districts. It must then use this fund if at any time there are insufficient funds to meet payments on its obligations. When this occurs, the regional districts may be called upon to restore the fund.

Upon maturity of a debt issue, the unused portion of the debt reserve fund established for the issue will be discharged to the Town. The proceeds from these discharges will be credited to income in the year they are received. As at December 31, 2021, the Town debt reserve fund was \$79,904 (2020 - \$79,470).

10. Contingent Liabilities:

- (a) The Town has a lease with the Crown in right of the Province of British Columbia for the land on which the Town operates its harbour. This is a 30-year lease, which expires on January 1, 2032. Annual payments total \$14,061.
- (b) As a member of the Mount Waddington Regional District, the Town is responsible for its portion of operating deficits or the long-term debt related function in which it participates.
- (c) The Town pays monthly fee to a contractor for the services of collection and disposition of residential refuse. This is a five-year contract, which expires on March 1, 2026. Annual payments total \$99,571.
- (d) The Town pays monthly fee to a contractor for animal control services. This is a three-year contract, which expires on Jan 31, 2024. Annual payment total \$23,100.
- (e) The Town pays a bi-annual fee to a supplier for SCBA cylinder refilling services. This is a five-year contract, which expires on Dec 31, 2025. Annual payments total approximately \$22,207.

11. Pension Plan:

The Town and its employees contribute to the Municipal Pension Plan (a jointly trustee pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2020, the plan had about 213,000 active members and approximately 106,000 retired members. Active members include approximately 42,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The Town paid \$70,268 (2020 - \$68,465) of employer contributions while employees contributed \$62,184 (2020 - \$60,594) to the plan in fiscal 2021.

The next valuation will be as at December 31, 2021, with results available in 2022.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

13. Fiscal Plan:

The Fiscal Plan amounts represent the Financial Plan Bylaw adopted by Council on April 27, 2021.

The budget anticipated use of surpluses accumulated in previous years to balance against current expenditures in excess of current year revenues. In addition, the budget anticipated capital expenditures rather than amortization expense. The following schedule reconciles the approved bylaw to the amounts presented in the financial statements.

	<u>2021</u>
Financial Plan (Budget) Bylaw	\$ -
Add:	
Capital Expenditures	4,797,094
Contributions to Reserves	536,240

14. Segmented Information (Continued):

For each reported segment, revenues and expenses represent amounts that are directly attributable to the segment, in addition to amounts that are allocated to each segment on a reasonable basis. Refer to Schedules 2 and 3 for segment revenues and expenses detail on a comparative basis.

15. Subsequent Events:

Subsequent to December 31, 2021, the Town purchased a fire truck for \$473,150 that is expected to be received in October 2022. The acquisition of the firetruck is being financed by long term debt from MFA totaling \$430,000. The debt will have a 60-month term consisting of monthly payments of \$7,339 at an annual interest rate of approximately 1.1%.

16. Comparative Figures:

Certain comparative figures have been reclassified, where necessary, to conform with the current year's presentation.

The variance between the Schedule of Remuneration and Expenses and the wages and benefits expense reported in the financial statements is due to the following factors:

1. The remuneration schedule is based on actual payments made during the year while the financial statements are prepared on an accrual basis.
2. Wages and benefits include benefits that are recorded at full cost in the financial statements. This includes items such as the employer portion of federal deductions, retirement benefits and health benefits.

Expenses as defined by the Financial Information Act to include travel expenses, memberships, tuition, relocation, extraordinary hiring expenses, registration fees, and similar amounts paid to an employee, or to a third party on behalf of the employee, and which has not been included in "remuneration".

THE TOWN OF PORT McNEILL

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the Financial Information Act have been prepared in accordance with generally accepted accounting principles. Management is responsible for all statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Mayor and council are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control, and for reviewing and approving the audited financial statements and supplementary schedules contained in this Statement of Information.

The external auditors, Chan Nowosad Boates, conducted an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the Town of Port McNeill's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

Brenda Johnson, CPA
Chief Financial Officer
Interim Corporate Officer
