

Weather Advisory

Date | Time: 4/20/2023 9:20AM

Via email

Attention: Stakeholders

Event Type: Wind Warning

Strong southerly winds of 70-90km/h is anticipated to impact the Northern-Vancouver Island service area over the next 24-48hrs. Before heading out be prepared for strong cross winds on highways and flying/falling debris.

In anticipation Mainroad crews will be patrolling all service area highways until the event passes, roadways are clear and back to normal.

Please drive with caution, watch for roadside crews and before heading out, check www.DriveBC.ca for road condition updates.

Our 24-hour communications and dispatch office will pass on all your observations and concerns to our crews when contacted. As always, a reminder to visit www.drivebc.ca.
