

Town Log 2024

JANUARY

On the North Island, we encourage our citizens to contribute their time and expertise to the activities that they want to see made available in our region. It has worked exceptionally well and the quality and variety of activities and facilities in our area is far greater than that of other comparable communities.

We have managed this with a very limited tax base.

The volunteers generously give of their time.

Mount Cain as an example has accumulated approximately 15,000 hours of volunteer time this year. When people are surprised that we have a first class ski hill like that, it is purely because of that collective effort.

If there are specific areas of interest of which you and your family wish to participate,

I know that every group would be delighted with your offer to help.

Don't ask what the community can do for you, ask what you can do for the community.

Mayor*
