

We are coming off of a busy and beautiful summer season.

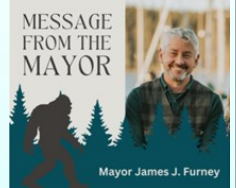

Let's hope for some continued nice weather into the fall.

One of the big successes in the Town this summer has been the complete overhaul of our 30 year old wastewater treatment plant. A job that was forecast to be \$1.4 million of our taxpayer dollars.

Through some ingenuity and creative hard work, our very own Public Works crew managed to get the entire Job done for about \$400,000.

So, if you saw a pothole not filled or some grass neglected, there was an important reason behind those delays.

We owe a huge thank you to this crew for saving the Town close to an entire year of tax income. If you consider a penny saved is two pennies earned, the efforts of this fine group has put the town in a very good financial position.
